What she could do she has done well. She shows promise. Jean came at half term only that done no P.U.S. work before. Has made a good beginning & can narrate quite well.

A fair paper. The painting illustration is good in the first depends entirely on pencil which is very difficult. Writing & spelling a difficulty. About 4.

A fair try. She can narrate well. Instructions enforced.

Picture Study very good; rest of the weak. V.K.
Jean's work in school is good. Arithmetic improving but is a difficulty. Examination incomplete owing to absence with chicken pox. About 13.

Her narrations are often full & good - with weak places.
Jean's work on the whole has been satisfactory. English Grammar still weak. Arithmetic improving.

Good work on the whole. E.K.
Jean seems to have found the work in III.B. rather difficult. This may be due to her physical condition - a little excitable & nervous - I.M.

Sometimes good. She has clearly suffered from absence. E.K.
Jean missed the beginning of the term with through illness. Was absent also during the last two days of examination - hence incomplete answers. Her work in improving all round. I.M.

Good on the whole - with weak places. E.K.
Jean has not been doing such good work this term as she ought to have done & can do. I.M.

Very good & sensible narration as a rule. E.K.
Jean has done well this term - has made more progress than ever before in Mathematics & Languages which she has always found difficult. J.H.

Presentation of work					

Has real interest - E.K.

Year has tackled the more difficult work in TUB with energy. She is making progress in Mathematics & Languages although examination results are disappointing - J.H.

After good work, handicapped by the writing & spelling. - E.K.

Year is taking her work seriously. And narrations are good. But written work remains very weak. She has made progress & is happy in her mind about these, for her.

Mathematics & Languages marks are low, she has made progress & is happy in her mind about these, for her.

difficult subjects - J.H.

A fair try but not very strong yet; she shows interest. Sometimes has given good narrations but too often afraid to try. Works about 0.

Her reports are often short but very knowledgeable. But there is some good work interest. Narrations are often quite good, requires about 0.

Has made marked improvement this term. Narrations are often quite good, requires confidence.

The narrations to the point but merely - except the excellent story narration of the picture.
 Number Excellent.
 When this is the first of a series of good narrations. has about because of quarantine for Memphis therefore some question not answered. Reading promising.

This year's work has been very good. Margaret has done a satisfactory amount of work. But she has not been as good as she was last year. Her work has been very good. But she has not been as good as she was last year. Her work has been very good. But she has not been as good as she was last year.

Fair work on the whole. Spring very good.

Sometimes very good. Maths beyond her. Painting shows interest & promise. L.K.
Norah's progress is satisfactory. I.M.

Intelligent & interested work, well reported. L.K.

After attending a non P.W.B. School, Norah has returned to us as a satisfactory term's work. She is a conscientious worker & is full of interest. Her Nature Note Book is a work of art. At the same time showing she has knowledge through her own observation. Biology is a special paper in preparation for B.S.B. to be taken next year. I.M.

A fair try. L.K.

Many has been absent for the last two days of Exams, hence incomplete papers. Many has made definite progress all around this term, particularly in reading which has always been a difficulty. She has not yet reached the stage of being able to write answers. I.M.

Painting is good but narration only fair.

Interested & clear thought not yet very full.

Structure good. She shows interest. Mary is making satisfactory progress all round.

Number is good but narration disappointing L.K.
Work is improving though narration still not always satisfactory. At last she seems to be beginning to understand numbers. Reading much improved - Beacon Reader V causes little difficulty - I.M.

Some narrations are full & good - others short. E.K.
Has made progress this term but she is too often inattentive.
Reading has made particularly good progress. I.M.

Shows her interest. Paragraphs need more thought. F.K. Hazel has done good work this term. Special questions in English grammar as she is at beginning of Bk II. not the programme work. I.H.C. 7. Times about 0.

Good interest - reports in most subjects. F.K. Hazel's narrations are improving - fuller & more accurate. Written work requires much more effort. I.M. Absent 0.

Sometimes sound work. S.K. Hazel's work is quite good as far as it goes but she must set a higher standard for herself. I.M. Absent 0.

A fair level. She should be more careful with the writing. Illustration needs practice - F.K. Hazel has taken her work seriously now that she is in Form IV & it is becoming more mature. Spelling is still very weak - Absent 0.

Sometimes strong work. F.K. Hazel is handicapped by the bad writing & spelling & poor English generally. But she has good knowledge of the S.K. Hazel has made consistent effort to improve her work & has taken much interest in it. Narrations are fuller & more accurate than S.K. Hazel's. Absent 0.

Often very good work. L.K.
Only one Geography question attempted as only "New Regional Geography" studied. Extra time given to Biology.
"How winter came" not studied hence question 2 & 3 only in General Science. This is Elizabeth's last term at school. She can do good work but requires to make more effort in everything to produce really satisfactory results. I. M.

(Exam Taken at home)

Her narration is sensible, careful & to the point, but rather short. a good paper. E.K.
shows much interest in her work & the type of the school generally. Narrates intelligently but not fully.
Algebra exam. disappointing as work in school is good. I.M.
Arithmetic very good but often short. E.K.
shows attention too often wanders - hence narrations sometimes short. Languages are satisfactory
Maths exam disappointing - Class work is better. I.M.
Generally v.g. maps & illustrations v.g. E.K.
Work has been more satisfactory this term although narrations are often incomplete -
maths & languages suffer through carelessness. I.M.

It is difficult to give a true relative value to work so much dictated. The above values are given as if for 'self-written' work. Perhaps 10 or 15% should be deducted for dictation. In the circumstances this allowance is left to the school to make. Mary's inability to read is a great handicap to otherwise very intelligent work. Reading is gradually but certainly improving. I.M.

She should hold her own when the reading & writing come, meanwhile it is hard to compare her with others. L.K. Still has the unfortunate handicap not being able to read. Apart from her reading Mary does very intelligent work & is quite up to the standard of her form. Her reading is making progress. Because of her particular difficulty answers to questions are dictated. Those who have written are not included in spelling, except in Dictation. Paper. I.M.

Optim. v.g. narration - but for the fact that it is dictated (described somewhat in the marking). Examinations have still to be dictated because of her peculiar difficulty in reading. Reading is now becoming very much better. Her work in school in all other subjects is intelligent & good.

She is grossly handicapped in expressing herself: but this cannot wholly or mainly account for the weakness. Mary is a thoughtful person and contributes much to the spelling world, of course, be led in II - L.K. Work of the class - Absent 1.

A good paper, sometimes very good. E.K.
Has made a promising beginning in P.H.S. work - is an intelligent & hard worker, can narrate excellently.
Reading very good. I.M.

sp. answers well to the point though sometimes shortly - E.K.
she has done good intelligent work during her first term in I.B. afternoon school not attended therefore
no painting or picture study - I.M.

After good and smooth narration but Geography & Nature are rather disappointing. Painting good. E.K. Morna's second term of real consecutive work - is still inclined to dream but narrations have improved this term. Numbers is much below standard. I.M.

She shows keen interest, but narration is shot as yet. E.K. Morna's second term of real consecutive work - she is making satisfactory progress on the whole. She is a dreamer but when she gives her attention on the matter in hand can do very well. Numbers is still below standard. I.M.

She has a fairly good grasp of the work & sometimes narrates well. Numbers & painting are v.g. E.K. Takes along time to express herself & is still a dreamer. Can give v.g. narrations - Numbers though below standard is very much surer - she enjoys it. I.M.

Sometimes v.g. with weak places. S.K. at first Morna made little headway in I.B. but improved considerably as the term went on. Spelling is weak. With has progressed very well this term although still much below standard. I.M.

Often good but rather short, even when dictating. E.K. Morna's work will not be really satisfactory until she can learn to apply her mind to it & not to day dream. When she attends she can do very good work. She is much below standard in I.B. but is gaining ground rapidly. I.M.

Morna's work is gradually improving. She appears to dream in class too much & narrations are too often incomplete in consequence, but I think she absorbs more than she seems to give out. She has now only about 3 more pages of Bellini I & has worked very well in I.B. & I.H. Had good work especially painting. She must work at the writing & spelling. E.K.

Good paper and ink. Painting very good. E.K.
Left having been absent for a time & a half due to illness. Jennifer returned on the 4th week of this term. Her work has improved
been handicapped but it shows interest & much intelligence & an increase in her power of observation. I.M.

Excellent observation. The set are usually short. Painting good. E.K.
although now in the II.B. she continues as a day pupil, but by Peter's order does not attend afternoon lessons. Hence no singing, handicraft
or drawing marks. Narratives excellent. Dreams in writing. When left to work alone, a pity as she can do quite well. I.M.

Sometimes fairly good and generally to the point. E.K.
Real work is nearly always V.G. Writing & spelling weak. Peter still finds afternoon school hence no
handicrafts. With exam. pos. I.M.

Much interest - handicapped by the writing - navigation often V.G. E.K.
Work in school good & intelligent. She requires much hard work in
spelling & writing. Arithmetic though still below standard has
progressed satisfactorily. I.M.

He has made a fair try & should soon grow strong. E.K.
 Returned to school this term after two terms absence, due to illness. Before this long absence he had had very little education because of ill health. Soon his return had to start from the beginning of Reading & Number. He has made rapid progress particularly in Reading. He is learning to overcome his writer's cramp. E.K. I.M.

Slowly making up for lost time but though previous illness, but is too often inattentive. seldom narrates in class but will write the story to himself which someone else is narrating. Is now in Beacon Road III. Mutual with better than with work though still much below standard. I.M.

He has made a good try. E.K.

A good paper as a rule though narration is short. E.K.
 Has improved in all subjects though still very much below standard for his age due to previous illness. He is narrating quite well. Number is slow but making progress. I.M.

Work in average. Narrations often too short. Reading & number satisfactory. I.M.
Interested but not always accurate yet. E.K.

Some narrations are very good - she shows interest - E.K.
Work has sometimes been disappointing - Narrations are too often short.
Reading is good - In number she is only a few pages behind work set for upper I.A. I.M.

Some very good narrations. E.K.

Marian has gained more interest in her work since moving into Form II, but could do better work still. Arithmetic exam. is disappointing I.M.
